

One Week Faculty Development Programme

On
Personality Development, Communication Skills
and Teaching & Research Aptitude

Date:

24th to 30th September, 2016

Organised by

**Department of Applied Economics,
University of Lucknow,
Uttar Pradesh,
INDIA**

The Department of Applied Economics is committed to build and enhancing research orientation amongst commerce, management, economics and social science faculty members and researchers. While attempting to achieve this objective, the department is organising a Faculty Development Programme which will train the faculty and researcher in the areas of contemporary issues in different fields of teaching, research methodology, quantitative data analysis with the use of latest technology and software such as SPSS Software for improving the quality of research. This programme, “Personality Development, Communication Skills and Research Aptitude” is aimed at improving the research orientation of researchers and faculty members in the discipline of applied economics, commerce, management and related areas. The programme is designed to provide an interactive platform to enhance understanding of advance statistical techniques as well as providing hands-on experience in analysing data using computer for statistical analysis.
