

INSTITUTE FOR WILDLIFE SCIENCES ONGC CENTRE FOR ADVANCED STUDIES (OCAS) UNIVERSITY OF LUCKNOW

Admission For Certificate Course In Wetlands/ Sarus Conservation (CCWSC)

ABOUT INSTITUTE FOR WILDLIFE SCIENCES

Wildlife Science focuses on the biology and management of wild animals, including their ecology and conservation. In the last half century, India's once rich biodiversity has become considerably depleted.

AIMS AND OBJECTIVES OF INSTITUTE:

- The aim to establish Institute for Wildlife Sciences is a multi-disciplinary integrated approach for wildlife biodiversity conservation. Train personnel at various levels for conservation and management of Biodiversity and wildlife.
- Build up scientific acquaintance on wildlife and Biodiversity resources.
- Endow with information and counsel on biodiversity and wildlife management problems.
- Collaborate with international organizations on biodiversity and wildlife research, management and training.
- Carry out research relevant to wildlife and biodiversity management and development of techniques appropriate to our environmental conditions.
- The unforgettable objective is to build research skills within the students for effective wildlife conservation.
- Carry out mass public awareness and support for nature conservation activities through targeted campaigns and formal and non-formal education.
- Develop as a regional centre of international importance on biodiversity, wildlife, and natural resource conservation.

COURSE HIGHLIGHTS:

- To generate qualified students who can directly get jobs in the allied fields of Wetlands Conservation
- To generate qualified certificate holders who can be part professional organizations working in the field of Sarus and wetlands conservation.
- To generate a team of field experts who can take up jobs related to the environment, wildlife and Biodiversity in educational institutions.
- To generate a skilled certificate holder who can undertake research in the field of Wetlands and Sarus Ecology.
