Press Release

The last date for creation of their profile through student login for students admitted to the LU Campus in B.A. I, B.Com I (Regular & Self Financed), B.Sc. I (Biology), B.Sc. I (Mathematics), B.V.A. I and B.F.A. I in the session 2017 . 18 is being extended to **January 18, 2018**. All such students do not have to fill the examination form. ***The admit cards of all such students will be available through this portal only.*** They will be able to download it after logging in their accounts.

In case the mobile number of the student is changed they had to submit an application in the University Data Resource Centre (DTP Cell) in the Administrative Building of University of Lucknow along with a copy of their ID card to get it updated. In view of the ongoing strike of employees they can email their information to student.udrc@gmail.com along with a scanned copy of their University ID card.

After creation of the login they do not have to submit any document in the University if there is no change in the data. In case they have edited the data they can submit the print out generated in the University Data Resource Centre (DTP Cell) in the Administrative Building of University of Lucknow for approval. In view of the ongoing strike they can send scanned copies of the documents to the above mentioned email for verification but they will have to submit the hard copy of the relevant documents later on after the strike is called off.

However those students of the campus who were admitted in the courses that have the semester system have already filled the examination form and have been allotted their roll number. All such students have to create their student login and enter their allotted roll number. They can complete their login process by **January 20, 2018**. Such students can submit their documents till January 25, 2017
