## **UTTAR PRADESH SUSTAINABLE DEVELOPMENT REPORT (UP SDR) AN OUTLINE**

**SDGs** are an unprecedented international commitment by 193 countries with 17 goals and 169 targets and unique opportunities to end poverty and hunger, ensure- healthy lives, quality education, gender equality, clean drinking water, modern energy, promote- sustained, inclusive and sustainable economic growth, productive employment, build resilient infrastructure, sustainable industrialization and foster innovation, reduce inequality, make smart cities, ensure sustainable consumption and production, protect and restore the planet’s environment and natural resources, promote peace, justice & strong institution and lastly it says about partnerships for the goals. India is one of the signatory to achieving the Sustainable Development Goals (SDGs) by 2030.

SDGs comprehensively cover social, economic and environmental dimensions and are expected to contribute greater achievement of human wellbeing. NITI Aayog is taken the responsibility of overseeing implementation of SDGs in the country and in State; Planning Dept. is serving its responsibilities to achieve best results of the agenda -2030. While the SDGs cover the whole gamut of development areas and issues, U.P. has identified some of the focus SDGs for realizing their specific development objectives and capitalizing on their strengths.

As a signatory to the 2030 SDG agenda, India is committed to participate in the international review of progress of SDGs. However, if Uttar Pradesh is not achieving its target to the respective goals, India’s achievements at the global level will not be up to the mark. That’s why UTTAR PRADESH SUSTAINABLE DEVELOPMENT REPORT (UP SDR) is framed in perspective of SDGs. It will take care of reforms with identifying possible areas of interventions with respect to our agenda 2030 of SDGs.

The SDR is divided into Five Themes with Nineteen chapters including growth enablers with growth engines.
