Launch of "**Our Pupils' Day**" – A student "**OPD**" Programme of University of Lucknow

It gives me great pleasure to announce the launching of the first of many student support initiatives, "**Student OPD**" programme. Under the "**Student OPD**" programme the following steps are initiated:

1. Each faculty member (teachers of all cadres) would be required to exclusively set aside one hour in a week for the departmental students.
2. The OPD schedule of each department would be put up on notice boards as well as on the departmental page of the university website.
3. In departments with more than 06 faculty members, multiple faculties can schedule their OPD hour in a day.
4. In departments with less than 6 members, the number of OPD days in a week will equal the number of faculty.
5. The faculty will have to ensure their presence during the OPD hour to the exclusion of all other commitments.
6. The faculties are expected to sensitively address the concerns and queries of the students and provide requisite guidance.
