Chapter-1

Implementation of National Educational Policy (NEP) 2020

Industrial growth and higher education are significant contributors to economic development of a nation. The shift in nature of work and use of technology marked by industrial revolution calls for competent and skilled people. The Industry Revolution (IR4.0) has further challenged higher educational institution's readiness for Education 5.0 to build a teaching-learning ecosystem to attain the outcomes expected by changing nature of work and skill needs in the economy and address the complexities of social change.

The New National Education Policy (NEP 2020) designed and implemented with holistic and multidisciplinary approach aims to reach learning outcomes, raise employability, and improve quality of skilled human resource. In line with this perspective, University of Lucknow proposed and implemented distinct initiatives to achieve quality education with economic and social mobility, inclusion, and equality. University of Lucknow has been the first University in the country to implement NEP 2020 since academic session 2020-21 by revamping its curriculum and incorporating provisions proposed by NEP 2020 Clause 11.9, p. 37; Clause 11.10, pg. 38 in letter and spirit.

1.1. NEP implementation in Undergraduate Programs

1.1.1 Four Year undergraduate program Ordinance 2021
- 192 credits in 4 years
- Certificate, Diploma, UG degree, and UG Honours with Research on exit after 1, 2, 3 and 4 years, respectively
- Promotion to Year 4 only if more than 7.5 CGPA by the completion of the third year
- Two major structure till third year
- Co-curricular and Vocational courses are compulsory till Year 2
- Student to decide Major in Semester 5 to continue further into year 4
- Internship, Term Paper and Major project
- Internship in major subject opted in Year 4
- Multiple exit options
- Option of 40% credits being attainable through MOOCs
- Rashtra Gaurav essential non-credit course to be passed for certificate, diploma, undergraduate degree and honours graduate degree with research.

1.1.2 Four Year undergraduate program Ordinance 2023
- 160 credits over 4 years in tune with UGC guidelines
- No subject limitation for admission
- Other features similar to UG program ordinance 2021
- Multiple entry and exit options

1.2. NEP implementation in Postgraduate Programs

1.2.1 Two Year PostgraduateProgram Ordinance 2020
- 96 credit programs
- Choice Based Credit System
- Elective Courses (Fixed and Open)
- Value added credited courses
- Value added non-credited courses
- Interdepartmental courses
- Mandatory internships and dissertation
- Multiple Exit options

1.2.2 Two Year Postgraduate Program Ordinance 2024
- 80 credits over 2 years in tune with UGC guidelines
- Subject limitation removed
- Other features similar to PG Program Ordinance 2020
- Multiple entry and exit options

1.2.3 One Year Postgraduate Program Ordinance 2024
- For students wanting to pursue PG program after four-year UG Degree with minimum of 160 credits
- Uniform credits across subjects
- 40 credits over 1 year in tune with UGC guidelines
- Value added courses both inter and intra-departmental
- Freezed and open electives
- MOOCs provision

1.3. NEP implementation in Doctoral Programs

1.3.1 Ph.D. Ordinance 2020
- Introduction of part time Ph.D. for employed persons.
- Research Advisory Committee compulsory for each student.

1.3.2 Ph.D. Ordinance 2023
- Allocation of supervisor immediately after registration
- Up to 2 co-supervisors
- Three papers in Pre Ph.D. course: Paper I: Research and Publication Ethics (2 credits), Paper II – Research Methodology (5 Credits), Paper III – Innovative Research Approaches in [Subject Area/ discipline] (5 credits)
- Incentivization of early submission of Ph.D. thesis
  - One research paper mandatory for those submitting within 4 years of registration

- Two research papers mandatory for those submitting within 4-5 years of registration
- Three research papers mandatory for those submitting within 5-6 years of registration
- Online processing of thesis for evaluation

1.4. Other Guidelines related to NEP 2020

1.4.1 Twinning, Joint and Dual Degree Programmes
- Able to introduce these degrees owing to NAAC A++
- In consonance with UGC regulations
- Degrees in collaboration with foreign Higher Educational Institutions that rank in top 1000 of QS ranking
- **Twinning Degree**
  - Students enrolled with the University of Lucknow may undertake their programme partly in the University and partly in the Foreign Higher Educational Institution.
  - Degree shall be awarded by University of Lucknow only
  - Credits from Foreign Higher Educational Institution shall not exceed 30 percent of the total credits for the programme
- **Joint Degree**
  - Both universities will jointly design the curriculum
  - Joint single certificate will be awarded with the names of both the institutions
  - Students must earn at least 30% of the total credits from each institution
- **Dual Degree**
  - Both institutions will confer the degree separately and simultaneously
  - A student may pursue two degrees for a course of the same discipline and at the same level

1.4.2 Lateral Entry Guidelines
- Lateral entry into undergraduate (UG) and postgraduate (PG) programs at the University of Lucknow and affiliated colleges, in line with NEP 2020
- Lateral entry open for semesters 3, 5, and 7 (UG) and semester 3 (PG) will be published
- Eligibility is based on prior completion of a certificate, diploma, or degree as described in NEP 2020
- **Intra-University Transfers**: Students from affiliated colleges of the University of Lucknow can seek lateral entry into other colleges within the university.

- **Inter-University Transfers**: Students from other universities with a NAAC grade of A+ or equivalent and mapped credits on the Academic Bank of Credits can apply for lateral entry into UG/PG programs at the university

1.4.3 Researcher in Residence

- The program aims to invite internationally acclaimed researchers and scholars to the university for a duration of at least one semester
- Will partake in research and teaching responsibilities

1.4.4 Encouraging Visiting Scholars/Researchers/Professors and International Students

- To promote culture of knowledge sharing across disciplines, the university encourages visiting scholars/researchers/professors

- **Visiting Scholars/Researchers**
  - Ongoing affiliation with an academic or research institution, and must have a postgraduate degree/doctoral degree/recognized research-related expertise in his or her field

- **Visiting Professor**
  - Faculty from other academic institutions, personnel from industry, government or research institutes, superannuated faculty members

- **Encouraging International Students seeking partial credits**
  - One semester stay/ credit transfer to the students of foreign higher education institutions
  - One/two/more than two courses for a semester with prior approval from their institutions

1.4.5 Professor of Practice

- Boost industry-academia interface and professional expertise by incorporating experts from industry for curriculum development and experiential learning
- Distinguished experts with remarkable contributions in their respective fields
- Categories of Engagement
  - **Industry-Funded Professors of Practice**
  - **University-Funded Professors of Practice**
  - **Honorary Professors of Practice**

Each elective paper has to offer more than one option. Upper limit of options may be decided by the department.

Lucknow University to implement NEP 2020; PG students can now exit after 1st year with diploma

According to the new system, a post-graduate student would have two options to leave the course

Ankur Verma

The COVID-19 pandemic and the ensuing lockdown has destabilised the education system in the country. Now, that the virus has eased its grip over the population, educational institutes are gradually opening up. Taking a cue, Lucknow University has not only started conducting offline classes but is also preparing for the upcoming academic session. As per reports, the varsity has further decided to allow multiple options of entry and exit for its students of the post graduate courses, from the academic session 2021-22. With the latest provision, the university attempts to implement the provisions laid out in the National Education Policy 2020.

The dual degree system, that the varsity will use, is going to allow students to transfer to other colleges and universities

Chapter-2

Academic Growth and Diversification

In line with the vision of NEP 2020, the University of Lucknow has actively introduced a wide spectrum of courses and programs that span interdisciplinary, transdisciplinary, modern, and classical domains. This academic diversification aims to break rigid boundaries between disciplines, fostering a more integrated and holistic learning environment. Programs are now breaking the silos of academic streams with introduction of vocational and co-curricular courses. This inclusive curriculum not only honours India's rich intellectual heritage but also equips students with modern competencies, preparing them for dynamic career paths and meaningful societal contributions.To promote multidisciplinary educationand inter-disciplinary research as envisioned in NEP 2020, new faculties and institutes have been established at University of Lucknow.

2.1. Establishment of New Faculties and Departments

- **Faculty of Yoga & Alternative Medicine**
- **Faculty of Aesthetics and Shaiv Philosophy**
- **Faculty of Management Studies**
- **Faculty of Agriculture**
    - Department of Agronomy
    - Department of Agricultural Genetics and Plant breeding
    - Department of Seed Science
    - Department of Agricultural economics and Agricultural extension,
    - Department of Crop Physiology and Biochemistry
    - Department of Plant Pathology and Microbiology
    - Department of Horticulture and Agricultural sciences.
    - Department of Entomology

2.2. Establishment of New Institutes
- **Institute of New & Renewable Energy**
- **Institute of Pharmaceutical Sciences**
- **Institute of Advanced Molecular Genetics and Infectious Diseases**

2.3. New Programs
2.3.1 Occupation-Centric Learning Programs
- In sync with clause 11.3 – 11.4 of NEP-2020, following new programs have been started
    - **B.Tech.** (Decision Science – Artificial Intelligence)
    - **M.Tech. (Part-time)** (Mechanical Engineering, Electrical Engineering, Computer Science and Engineering, Electronics and Communication)
    - **BBA, BBA** (Business Analytics, Tourism and Hospitality)
    - **Executive MBA program** (blended mode)
    - **Master of Public Health** (Nutritional Sciences)
    - **B.Sc.** (Agriculture)

2.3.2 Indian Knowledge System based programs

- PG Diploma in Garbh Sanskaar
- PG Diploma in Yoga & PG Diploma in Naturopathy
- UG program (Yoga)
- PG program (Yoga)

2.3.3 LU-CODE: Centre for Online and Distance Education

- University of Lucknow after being accredited with NAAC A++ and Category 1 University by University Grants Commission, initiated a new "Centre for Online and Distance Education" LU-CODE
- Full-time online programs at UG & PG Level from 2023
- Distance learning programs
  - B.Com.
  - M.Com.
  - BBA
  - MBA
  - Masters in Social Work
  - M.A.(English)
  - M.A. (Economics)
  - M.A. (Political Science)
  - M.A. (Sanskrit)

Reinforcing Research Resilience

3.1. Promoting Research Excellence

Research incentivization is a vital component of the NEP 2020, which emphasizes the creation of a robust academic ecosystem driven by innovation, inquiry, and high-quality scholarship. Incentives not only motivate faculty and scholars to pursue original research but also enhance the global visibility and impact of Indian higher education institutions. In this context, the University of Lucknow has taken proactive steps to encourage a culture of research excellence. These measures align closely with NEP 2020's vision of fostering curiosity, interdisciplinary knowledge creation, and international academic competitiveness. By valuing research through tangible incentives and institutional support, the University of Lucknow is laying the foundation for a future-ready, research-driven academic environment.

3.1.1. BOOST (Building Opportunities for Original and Sustainable Thinking)

Initiated in 2020, this research promotion program includes of three schemes to reward research scholars and faculty members for their research work.

- **ACCLAIM (Incentivization Policy)**
    - University honours faculty that have won international, national and state awards of repute with certificate of honour, monetary incentive, medal and announcement in the Newsletter & Website
- **PROTSAHAN (A scheme for seed money)**
    - University provides seed money to young faculty members to encourage research.
- **UDDEPAN (Best Research Paper Award)**
    - Quality publications of research scholars and faculty are recognized and awarded

3.1.2. Quartile Excel Scheme

Quartile-Excel Scheme, an incentive program designed to empower faculty members and incentivize them to publish their research work in Scopus indexed journals while upholding the highest standards of research quality

- **Platinum**
    - Papers in Q1 journals, awarded with monetary incentive and certificate
- **Gold**
    - Papers in Q2 journals, awarded with monetary incentive and certificate
- **Silver**
    - Papers in Q3 journals, awarded with monetary incentive and certificate
- **Bronze**
    - Papers in Q4 journals, awarded with monetary incentive and certificate

LU launches 'Quartile Excel' Scheme to encourage research

HT Correspondent

letters@htlive.com

LUCKNOW : In an effort to promote research publications in Scopus indexed journals and recognise faculty excellence, the University of Lucknow has launched the 'Quartile-Excel' Scheme. The recent development comes after the executive council approved a proposal presented by Dean Academics Professor Poonam Tandon.

The proposal introduces the innovative 'Quartile-Excel' Scheme, an incentive program designed to empower faculty members and incentivise them to publish their research work in Scopus indexed journals while upholding the highest standards of research quality.

The scheme offers incentives and recognition measures to foster a research-driven academic culture. Key features of the scheme include -- Quartile-Based Incentives. Faculty will receive specific incentives based on the quartile ranking of the Scopus indexed journals in which their research is published. Higher quartile rankings will be associated with higher incentives, providing a compel-

AWARDEES UNDER THE SCHEME WILL BE PROVIDED WITH MONETARY AIDS & CERTIFICATES.

ling motivation to strive for top-tier publications.

Professor Poonam Tandon said, "The awardees under the 'Quartile-Excel' Scheme will be honoured in a ceremony with certificates and monetary incentives. The monetary incentive will be equally shared among all contributors from the Lucknow University, reinforcing the importance of collaborative research endeavours."

Through this visionary scheme, the University of Lucknow endeavours to create an environment that inspires cutting-edge research, promotes knowledge creation, and contributes significantly to the advancement of society and academia, she said.

V-C Prof Alok Kumar Rai expressed his enthusiasm about the new scheme, saying the university's dedication to promoting cutting-edge research and knowledge creation.

BOOST Award Ceremony 2024

3.2. Accelerating Research Performance

Over the last five years, the University of Lucknow has made significant strides in improving its research performance, reflecting a strong commitment to academic excellence and innovation. This progress aligns with the goals of NEP 2020, which emphasizes high-quality, impactful, and multidisciplinary research. The university has introduced research-friendly policies, invested in infrastructure, and launched schemes to incentivize faculty and scholars for publishing in reputed journals. There has been a noticeable increase in research output, collaborations, and global visibility. National and international rankings have acknowledged this upward trajectory, with the university steadily improving its position. Efforts to establish centralized research facilities, promote student research at the undergraduate level, and encourage interdisciplinary projects are further strengthening its research ecosystem. Through these initiatives, the University of Lucknow is creating a vibrant and inclusive environment for knowledge creation and scholarly contribution.

3.2.1 Research Grants
- Significant increase in research funding to the tune of 168%
- Research grant of Rs. 18.63 crore procured in the last academic year

Year	Research Projects	Research Grants (in lakh)
2019-2020	21	694
2024-2025	188	1863
% Increase	795%	168%

3.2.2 Research Publications
- Significant increase in research publications to the tune of 512% in books and 128% in journal articles

Year	Books	Journal Articles
2019-2020	16	677
2024–2025	98	1548
% Increase	512%	128%

3.2.3 H-Index
- The research promotion schemes, recruitment of new faculty and overall administrative support to research has led to a significant increase in citations over the last 5 years.

Year	Web of Science	Scopus
2019-2020	79	85
2024-2025	110	121
% Increase	39.2%	40%

LU gets ₹5-crore grant for interdisciplinary research

Lucknow (PNS): Lucknow University has received a grant of Rs 5 crore for Interdisciplinary Life Science Advance Research and Education under the DBT-BUILDER Programme of Department of Biotechnology, New Delhi.

The programme is for five years and the major objective is to promote interdepartmental cross-talk. The grant is intended to invigorate interdisciplinary modern bioscience research by upgrading the post-graduate teaching in Molecular and Human Genetics, Environmental Science and Pharmaceutical Chemistry.

There are three proposed interdisciplinary research groups — Molecular and Human Genetics, Environment & Sustainable Agricultural Biotechnology, Natural Products and Steroidal Chemistry. The proposal was reviewed by lead researchers of the country who found it impressive with the investigators having the experience and potential to achieve the objectives. "The present proposal involves the expertise in molecular genetics, plant biotechnology and drug development, for contributing to human and environmental health. In the proposed study, an attempt will be made to identify tumour stage-specific genetic and epigenetic signatures, synthesis and formulation of anti-cancer nano-drugs using phytocompounds, naturally occurring flavonoids, steroids and heterocyclic derivatives. These nano-drugs will be tested for anti-cancer activities on cervical cancer cell lines and their impact on genetic and epigenetic regulation will be evaluated. Further, biotechnology approaches will be implemented for sustainable agricultural reforms by combining plant growth promoting bacteria and biologically synthesised nanoparticles," Lucknow University spokesperson Durgesh Srivastava said.

Apart from upgrading the teaching and research, seminars and training workshops will be organised for MSc, PhD students to encourage interdepartmental interactions on research methodologies. "This interdisciplinary programme between the life science departments — Botany, Chemistry and Zoology — at LU will be the first of its kind in the state of Uttar Pradesh," he said.

LU to receive ₹100 crore grant under PM-USHA

Mohita.Tewari@timesgroup.com

Lucknow: In the biggest-ever financial assistance in its history, Lucknow University is all set to receive a grant of Rs 100 crore from the Centre under Pradhan Mantri Uchchatar Shiksha Abhiyan (PM-USHA).

LU, which will get the grant along with 25 other uni-

versities, scored highest 585 out of 650 in the test of parameters for the grant. In all, UP universities received the maximum grant of Rs 740 crore. "Only around half a dozen universities in the country secured over 550 score in PM-USHA and its elating that LU

GOLDEN GLOW

scored the highest 585," said LU vice-chancellor Prof Alok Kumar Rai, while making it clear that it is not so that the LU will get the entire Rs 100 crore in one go. "This fund is spanned over a few years and will be given in parts once we complete the project submitted and present usage of the sanctioned amount for the respective project," said the VC.

सेंटर फॉर एक्सीलेंस में लविवि का दबदबा

योजना में विवि के 20 शिक्षकों के शोध प्रस्ताव चयनित, सरकार ने दिया 1.52 करोड़ रुपये का अनुदान

संवाद न्यूज एजेंसी

लखनऊ। सेंटर फॉर एक्सीलेंस योजना में लखनऊ विश्वविद्यालय के शिक्षकों ने दबदबा कायम किया है। विवि के 20 शिक्षकों के शोध प्रस्ताव सरकार की इस योजना के तहत चयनित किए गए हैं। इसके लिए शिक्षकों को कुल 1.52 करोड़ रुपये का अनुदान मिला है। इससे वे अपने विभाग में सेंटर फॉर एक्सीलेंस की स्थापना कर छात्रों से संबंधित विभिन्न शैक्षिक कार्य पूरे कर पाएंगे।

प्रभारी प्रो. दुर्गेश श्रीवास्तव ने बताया कि सेंटर फॉर एक्सीलेंस के तहत सर्वाधिक प्रस्ताव लविवि के शिक्षकों के स्वीकृत किए गए हैं। यह विवि के लिए गौरव की बात है। लविवि निरंतर शोध और नवाचार की दिशा में कदम बढ़ा रहा है। यही वजह है कि यहां के शिक्षक

लविवि को मिला सर्वाधिक अनुदान

सेंटर फॉर एक्सीलेंस योजना के तहत सरकार की ओर से निर्धारित बजट में सर्वाधिक धनराशि लविवि के 20 शिक्षकों के प्रस्तावों को आवंटित की गई है। सेंटर ऑफ एक्सीलेंस के अंतर्गत साल 2024-25 के लिए मंजूर किए गए कुल 3.88 करोड़ रुपये में 1.52 करोड़ लविवि को मिले हैं। यहां, शेष धनराशि अन्य राज्य विवि के शिक्षकों मिली है।

विधि विवि के तीन शिक्षकों को भी मिला लाभ

लविवि विधि विश्वविद्यालय के तीन शिक्षकों को सेंटर फॉर एक्सीलेंस के लिए अनुदान मिला है। इनमें अंग्रेजी विभाग की प्रोफेसर डॉ. अलका सिंह, विधि विभाग की डॉ. अपर्णा सिंह व डॉ. मनोज कुमार शामिल हैं।

राष्ट्रीय और अंतरराष्ट्रीय स्तर पर प्रतिष्ठा विखेर रहे हैं।

विवि में दो विभागों को सर्वाधिक पांच-पांच सेंटर ऑफ एक्सीलेंस मिले हैं। इन विभागों में प्राणि और वनस्पति विज्ञान शामिल हैं।

इसी तरह खाबाज मुईनुद्दीन चिश्ती भाषा विवि के भी पांच शिक्षकों डॉ. रचिता

चौधरी, डॉ. राहुल मिश्र, डॉ. रोजा नकवी, प्रो. चंदन डे, प्रो. मसूद फलाही के प्रस्तावों का चयन किया गया है। सेंटर ऑफ एक्सीलेंस के तहत चयनित प्रस्तावों और उनके लिए स्वीकृत अनुदान की सूचना विशेष सचिव उच्च शिक्षा गिरिजेश त्यागी ने कुलसचिव और विश्व अधिकारी को पत्र भेजकर दे दी है।

विभागवार शिक्षकों को मिली राशि

- डॉ. सुषमा मिश्र-वनस्पति विज्ञान – 8.65 लाख
- डॉ. प्रदीप मिश्र-वनस्पति विज्ञान – 7.15 लाख
- प्रो. वाई. हजबन्त-वनस्पति विज्ञान – 2.50 लाख
- डॉ. अंचल-भौतिक विज्ञान – 14.40 लाख
- डॉ. नीरज मिश्र-भौतिक विज्ञान – 6.95 लाख
- डॉ. अरके शुक्ल-भौतिक विज्ञान – 14.25 लाख
- प्रो. निर्दोष मिश्र-बायोकेमिस्ट्री – 10.15 लाख
- प्रो. अनूप भारतीय-समाजकार्य – 4.90 लाख
- डॉ. रवींद्र प्रताप सिंह-अंग्रेजी – 5.90 लाख
- डॉ. विनेल कायर-विधि – 7.40 लाख
- डॉ. आलोक कुमार सिंह-केमिस्ट्री – 6.40 लाख
- डॉ. रमेश कुमार सिंह-विधि – 3.40 लाख
- डॉ. सेंड्रे कुमार पांडेय-फिजिक्स – 14.20 लाख
- प्रो. जेसी मलिक-प्राणि विज्ञान – 4 लाख
- प्रो. गौतांजलि मिश्र-प्राणि विज्ञान – 3.60 लाख
- प्रो. संगीता रानी-प्राणि विज्ञान – 6.58 लाख
- डॉ. मनोज कुमार-प्राणि विज्ञान – 14.50 लाख
- डॉ. राजेश कुमार-प्राणि विज्ञान – 3.20 लाख
- डॉ. विनिता फाटक-वनस्पति विज्ञान – 8.60 लाख
- डॉ. अनिल सिंह-वनस्पति विज्ञान – 6.10 लाख

Chapter - 4

Elevated Global Engagements

In alignment with the National Education Policy (NEP) 2020, : Clause 12.7/22.9, pp. 39-40, University of Lucknow has taken significant strides to enhance its global presence in research and teaching. A key initiative in this direction was the establishment of the Office of International Affairs in 2020, aimed at promoting internationalization and fostering global academic linkages. Since then, the University has seen a steady rise in the number of international students enrolling in its full-time degree programs. This growing international presence has added a rich multicultural dimension to the campus, encouraging cross-cultural exchange and broadening the academic experience for all students. The University of Lucknow's commitment to providing a supportive and inclusive environment for international scholars has made it an increasingly attractive destination for students from across the globe, reinforcing its position as a globally connected centre of higher learning.

4.1. Steps to Internationalization of University of Lucknow

4.1.1   Office of International Affairs

- Office of International Affairs, helmed by a senior professor as Director was established in 2020
- The Director, International Affairs:
  - coordinates all matters relating to welcoming and supporting foreign students
  - disseminates information related to admission process among prospective foreign students
  - engages in promotional activities and brand building campaign abroad
  - is a single point contact for carrying out all collaborative activities with foreign institutions
  - acts as a liaison body between the foreign students and the sponsoring agency
  - addresses the grievances of foreign students in all matters
  - is a single point contact for registration with FRRO/e-FRRO
  - facilitates networking with fellow students
  - extends all possible help to the foreign students to adapt to the new cultural environment and make their stay in India comfortable and enriching

4.1.2   Hostel Facilities

- Two hostels and a separate wing were established exclusively for international students
  - Acharya Narendra Dev Hostel (Boys)
  - Birbal Sahni Hostel (Girls)
  - Separate wing at Kailash hostel

4.1.3 Academic Offerings

- **Course Customization**
  - Customized short term certificate courses for international students
  - Customization based on demand
  - Usually centre around basic language courses in English, Hindi, Arabic, Urdu, Persian and cultural enrichment
- **International MoUs**
  - 121 active memorandum of understandings (MoU)
  - 25 MoUs were signed in 2024-2025
  - 14 international MoUs were signed in 2024-2025

4.2. Inflow of International Students

- The above steps have led to an increase in applications from international students

Year	Number of Applications	Number of Countries
2019-2020	60	15
2024-2025	2389+	76
% Increase	**3881%**	**745%**

Lucknow Univ receives record 2,379 applications from foreign students

Anjanaya Singh | TNN

Lucknow: Lucknow University (LU) received a record 2,379 applications from foreign students for admissions to various courses in the 2025-26 academic session.

The figure has increased by over three times in the past five years.

In previous sessions, the university received 1,769 applications in 2024-25; 1,365 in 2023-24; 814 in 2022-23 and 637 in 2021-22.

"We are committed to offering international students a structured and inclusive academic environment. Over the past five years, we have aligned our educational practices with NEP to meet global benchmarks.

PREFERRED DESTINATION

2025-26	**2,379 (till mid-May; open till June end)**
2024-25	1,769
2023-24	1,365
2022-23	814
2021-22	637

Our efforts are reflected in the growing interest from students across the world. We have made arrangements for safe and comfortable accommodation in separate international hostels for boys and girls," LU vice-chancellor Prof Alok Kumar Rai said

Of the 2,379 applications received so far, 2,153 came through the Indian Council for Cultural Relations (ICCR), 176 under the Study in India and EDCIL programmes, and 50 via direct admission.

The figures may rise further as the application window remains open till June end.

Applicants have sought admission to programmes across all faculties, including MBA, engineering, pharmacy and PhD courses.

Thai students arrive to pursue edu at LU

TIMES NEWS NETWORK

Foreign students were welcomed at Lucknow University on Saturday

Lucknow: It was a day of "Sa-wad-dee" (hello) wishes for Lucknow University officials and the vice-chancellor when 10 students from Thailand arrived on the campus to take admission at the university on Saturday. The Thai students first reported to LU's international cell to complete their admission formalities. For the first-time foreign students of a particular country have taken admission at LU in a specific course.

"These students have come to study proficiency in the English language and contextual communications offered by the department of English and Modern European Languages," said the director of the international cell, Prof RP Singh, who will also be taking classes for these students. He mentioned that in this course, students will learn about concepts, the nature and form of communication, remedial grammar and vocabulary building, business communication and academic writing, composition and presentation skills and also contextual communication in Hindi.

"In contextual communication in Hindi, students will be taught greeting and taking leave using the appropriate cultural way," said Prof Singh, who took the students on a campus tour.

Thai student Thanuwut Senachat said, "I am a cultural tourism enthusiast and want to learn English as a global language. The cultural diversity of India and the LU campus made me take admission here." Chakeet Cheundam wants to explore the food industry of India, while student Fayat Raiya.

In LU and just loving it!

Foreign students give a big thumbs-up to city's rich culture and monuments, Indian delicacies, festivals and the academic atmosphere

LU offers research programme for foreign teachers, scientists

TIMES NEWS NETWORK

Lucknow: Reaching out to foreign shores, Lucknow University will start a researcher-in-residence programme this year for teachers and scientists. Under the programme, teachers and scientists would get the facility to stay on the LU campus, conduct research and teach students.

The guidelines for the programme have been finalised and will be tabled before the university's executive council soon.

"Researcher-in-residence programme is based on participatory research collaboration across the stakeholders. It aims to foster collaboration and create an environment conducive to meaningful research interactions. The programme will welcome international scholars from various disciplines and institutions from abroad to engage in research activities, share their expertise, and contribute to the intellectual vibrancy of our academic community," said vice-chancellor Prof Alok Kumar Rai.

The eligibility criteria would be PhD or an equivalent research experience in the field concerned. Also, applicant should be a faculty or scientist or equivalent in a recognized university/ college/ institution/ industry based outside India. "To join the programme, a candidate must have a research proposal outlining the objectives, methodology and expected outcomes of the research project. It should clearly mention the outcomes and should also have an undertaking of the scholar to take weekly teaching and mentoring during their stay at LU," said the VC Applicants must also have a teaching proposal as they will be required to teach at LU for a semester. The classes can be taken in hybrid mode during an academic session, with mandatory offline teaching for at least a month.

"Visiting researchers are expected to produce tangible research outputs during their stay, such as publications, conference presentations, or collaborative projects. Collaborating faculty from LU has to be a part of any resulting output such as research publications, conference presentations, or collaborative projects. Also, researchers would be encouraged to actively engage with the academic community, including faculty, students, and fellow researchers and knowledge exchange," said dean, academics, Prof Geetanjali Mishra.

Applicants with strong academic background and a demonstrated record of research excellence would be given preference, she said.

GUIDELINES FOR THE PROGRAMME

Application Process | To remain open year-long. Applications should be submitted at least 6 months prior to their proposed residency duration

Duration | Programme is designed for a three-month stay. Applicants should specify preferred dates of residency within the academic calendar. In exceptional cases, duration may be increased with VC's permission

Facilities & Support:

Research Facilities | Visiting researchers will have access to labs, libraries, and other research facilities throughout the university as required for their project

Accommodation & Food | The university will provide accommodation and food for the stay

Contingent grant | The university will provide ₹10,000 per month as a contingent grant

Chapter - 5

Engaging Prospective Students

The University of Lucknow has continued to experience a remarkable surge in admission applications for the fourth consecutive year, reflecting its growing academic reputation and appeal among prospective students. Since the academic year 2019–2020, the number of applications has seen a substantial increase, underscoring the University's enhanced visibility, improved academic offerings, and commitment to quality education. This consistent upward trend in applications highlights the trust students and their families place in the University of Lucknow as a premier institution for higher education. It also signifies the effectiveness of the University's strategic initiatives in curriculum innovation, infrastructural development, and student-centric policies, which collectively contribute to its expanding influence at both regional and national levels.

Year	Number of seats	Number of Applications
2019-2020	7610	45139
2024-2025	8750	93783
% Increase	15%	108%

बीए और एलएलबी में विद्यार्थियों का क्रेज

लखनऊ विश्वविद्यालय : स्नातक में इस बार 42,575 आवेदन

जागरण संवाददाता ● लखनऊ लखनऊ विश्वविद्यालय में कामर्स से अधिक कला और विधि में विद्यार्थियों का रुझान है। इस सत्र में सबसे अधिक बी.ए. और एलएलबी में आवेदन आए, जबकि बी.कम (एनईपी) में कम। स्नातक के विभिन्न पाठ्यक्रमों में प्रवेश परीक्षा होने के बाद रविवार को विश्वविद्यालय ने शैक्षणिक सत्र 2024-25 में आए आवेदन के आंकड़े जारी किए हैं। पिछले सत्र 2023 में 39,039 आवेदन आए थे।

इस बार यह संख्या बढ़कर 42,575 पहुंच गई। हालांकि कई विषयों जैसे बी.कम (एनईपी), शास्त्री, बी.एल.एड, बी.एससी मैथमेटिक्स, बी.ए.एम.एस.सी जैसे पाठ्यक्रमों में पिछले साल को अपेक्षा आवेदन कम रहे हैं। वहीं, एल.एल.बी (पांच वर्षीय), बी.कम आनर्स, बी.सो.ए व बी.सी सहित कोर्स में अधिक आवेदन आए हैं।

सत्र 2024-25 के लिए स्नातक व स्नातक प्रोफेशनल कोर्स के तहत लखनऊ विश्वविद्यालय में लगभग 4250 सीटों पर आनलाइन आवेदन प्रक्रिया 29 मार्च को शुरू होकर पांच जुलाई तक चली थी। 11 से 18 जुलाई तक प्रवेश परीक्षाएं आयोजित की गईं।

केंद्रीयकृत प्रवेश प्रणाली के तहत बी.ए.जे.एम.सी कोर्स में प्रवेश के लिए छह कॉलेजों की 540 सीटें हैं, लेकिन आवेदन सिर्फ 155 ही आए। इसे तरह शास्त्री विषय की 25 सीटों पर सिर्फ 19 आवेदन हैं।

बीते दो साल में हमारे यहां बहुत योग्य नए शिक्षक आए हैं। एकेडमिक माहौल में बड़ा परिवर्तन आया है। सरकारी और प्राइवेट सेक्टर में यहां के विद्यार्थियों के प्लेसमेंट होने से बच्चों का रुझान बढ़ा है। दो साल में आवेदन की संख्या में वृद्धि उसका समेकित परिणाम है।
– प्रो. आलोक कुमार राय, कुलपति, लवि

दो शैक्षणिक सत्र में आवेदन की स्थिति

कोर्स	सत्र 2023	सत्र 2024	सीटें (कैंपस)
बीएलएड (कालेज के लिए)	478	439	830
बीकाम आनर्स	3335	3948	180
बीए (एनईपी)	7871	7922	1350
शास्त्री	20	19	25
बीकाम (एनईपी)	4210	4132	690
एलएलबी (पांच वर्षीय)	5464	7073	160
बीएससी बायो (एनईपी)	3796	4474	280
बीएससी मैथमेटिक्स (एनईपी)	3845	3542	470
बीवाक रिन्यूएबल एनर्जी	45	58	25
बीपीएड/बीपीएस	724	786	93
बीएससी एग्रीकल्चर (कालेजों के लिए)	681	771	470
बीजेएमसी (कालेजों के लिए)	168	155	540
बीए योग, बीएससी योग	70	87	60
डीफार्मा	1155	1194	60
पीवीए/बीपीए (टी)	3785	4162	360
बीसीए	3392	3849	120

सीएसयू में अब 31 तक आवेदन का मौका

जासं ● लखनऊ : केंद्रीय संस्कृत विश्वविद्यालय (सीएसयू) गोमतीनगर परिसर में प्रवेश की तिथि बढ़ा दी गई है। अब 31 जुलाई तक आवेदन कर सकते हैं। इससे पूर्व विश्वविद्यालय द्वारा सत्र 2024-2025 के लिए नान सीयूईटी (परिसर स्तर पर प्रवेश प्रक्रिया) के माध्यम से प्रशास्त्री, शास्त्री व आचार्य पाठ्यक्रमों में प्रवेश के लिए पंजीकरण की 18 जुलाई तक समय दिया गया था। संस्थान के निदेशक प्रो. सर्वनारायण झा ने बताया कि प्रवेश के लिए परिसर की वेबसाइट https://www.csu-lucknow.edu.in के जरिये फार्म भर सकते हैं।

लखनऊ विश्वविद्यालय ने यूजी की मेरिट लिस्ट की जारी

जासं ● लखनऊ : लवि ने रविवार को स्नातक के पांच कोर्सों में प्रवेश के लिए मेरिट लिस्ट जारी कर दी है। इनमें बी.ए.जे.एम.सी, बी.एससी एग्रीकल्चर, बी.एससी मैथमेटिक्स, बी.एल.एड और डी.फार्मा शामिल है। प्रवेश समन्वयक प्रो. पंकज माथुर ने बताया कि बी.ए.जे.एम.सी, बी.एससी एग्रीकल्चर, बी.एससी मैथमेटिक्स और बी.एल.एड में 23 जुलाई तक अभ्यर्थियों को च्वाइस फिलिंग का समय दिया गया है। इसके अलावा बी.एससी बायोलॉजी, एल.एल.बी इंटीग्रेटेड, बी.फार्मा एम.एस.सी.ए में भी च्वाइस फिलिंग शुरू हो गई है।

Chapter - 6

Fortifying Human Capital

The University of Lucknow has placed strong emphasis on enhancing the effectiveness and efficiency of its teaching and non-teaching staff, recognizing them as the backbone of institutional growth and academic excellence. To this end, the University has taken deliberate steps to streamline and strengthen the processes of selection and promotion. These measures aim to ensure transparency, merit-based advancement, and the timely recognition of talent and service. By addressing these crucial aspects, the University not only supports the professional development of its workforce but also reinforces a culture of accountability and motivation, ultimately contributing to the overall quality and performance of the institution.

6.1.   Teaching Appointments and Promotions

- More than 249 appointments of full-time faculty has been done through IT based transparent process of recruitment since January 2020
- Teacher-Student Ratio improved from 1:38 to 1:27
- More than 231 promotions conducted since January 2020.

6.2.   Non-Teaching Appointments and Promotions

- 58 non-teaching staff were appointed
- 627 support staff benefited with ACP promotions
- 106 staff benefited with promotions
- Salary of teaching and non-teaching human resource working under self-finance system has been increased up to 65% with structured service rules and conditions.
- 70 person were given compensatory appointment
- 37 staff were regularized

6.3.   Facilities

- Cashless medical facility of Rs. 4 lac per year initiated for teaching as well as non-teaching staff
- 88 accommodation for non-teaching staff
- Allotment of renovated accommodation to teaching staff

Chapter - 7

Organizational Structure Strengthening

7.1 Establishment of New Cells

In an effort to promote faster decision-making and foster inclusive governance, the University of Lucknow has actively pursued a strategy of decentralization. As part of this initiative, four specialized cells have been established, each structured around specific functional domains. This functional division allows for greater autonomy, clearer responsibilities, and more efficient handling of academic and administrative matters. By empowering these cells, the University has created a more responsive and participatory framework for governance, ensuring that decisions are taken closer to the point of implementation and with greater input from relevant stakeholders. This approach not only accelerates administrative processes but also strengthens institutional accountability and collaborative leadership.

7.1.1 Academic Cell

Headed by a Dean and established to:
  (a) Coordinate academic programs and courses that are interdisciplinary and transdisciplinary in nature
  (b) Industry-Academia collaborations/interface and partnerships; inter institutional collaborations as-well-as interdepartmental collaborations
  (c) Establishment of Chairs
  (d) Assignment of unassigned grants for academic visits; student and faculty exchange programmes, publications, seminars and conferences, etc.
  (e) Facilitating visits of faculty for short teaching assignments at the University as per guidelines
  (f) Facilitation of all Government grants for academic purposes and maintain records of such grants

7.1.2 Research and Development Cell

Headed by a Dean and established to:
  (a) facilitate research activity/work in the University
  (b) provide support in planning and execution of research and identifying research grants from different funding agencies
  (c) motivate faculty members to apply for research projects/ grants to different funding agencies
  (d) help research project related file movements by supporting and creating procedures for the same
  (e) will act as 'office of records' for research projects/grants, publications; patents and research activities undertaken by the teachers

(f)   facilitating the utilization of research grants and timely submission of utilization certificates

(g)   facilitate publication of journals by Departments/Institutes as well as availability of relevant journals

7.1.3 Recruitment and Assessment Cell

Headed by a Dean and established to: support the Vice Chancellor

(a)   in activities related to quality assessment

(b)   in selection committee meetings

(c)   in recruitment on various vacant/newly created teaching and non-teaching (other than appointments made by the state government) posts in the University

7.1.4 Admission Cell

Headed by a Dean and established to: facilitate the Vice Chancellor

(a)   in all activities related to admission, and

(b)   facilitate lateral entry

7.2. Equitable Work Environment Cells

In line with global initiatives to pursue participative decision making style and provide a more equitable working environment to the students, teaching and non-teaching employees, multiple cells and policies have been initiated:

a)   Gender Sensitization Cell

b)   Consultancy Cell (Paramarsh)

c)   Industry Institute Partnership Cell

d)   Central Placement Cell

e)   International Cell

f)   RTI Cell

g)   Industry -Academic Integration and skill development Cell

h)   Cell for Differently abled students

I)   Mentoring and Counselling Cell

All the cells are headed by a Professor with a team of faculty members. This also creates an ecosystem of inclusive governance.

Besides different policies were developed to attend the issues; few of them are as follows:

i)   Equality, Diversity and Inclusion Policy

ii)   Anti-Discrimination and Anti-Harassment Policy

iii)   Anti-Bribery and Corruption Policy

Chapter - 8

Automating University Processes

8.1 ICT initiatives in Teaching, Learning & Research

- **SLATE (Strategic Learning Application for Transformative Education)**
  - State-of-the-art copyrighted Learning Management System has been developed during the pandemic for facilitating seamless education
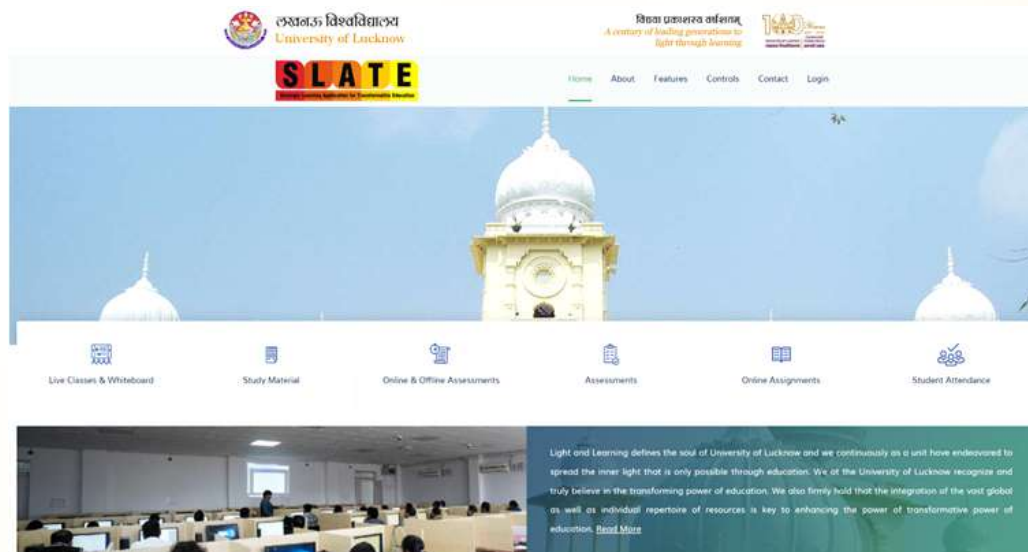

- **E - Content and online study material**
  - E - content in different courses is available for open access on the university website
  - Contents in the form of videos and text have also been uploaded on the portal of Uttar Pradesh Higher Education Digital Library
- **Cyber Library**
  - 538 well-equipped computers with internet facility.

- **Digital Library**
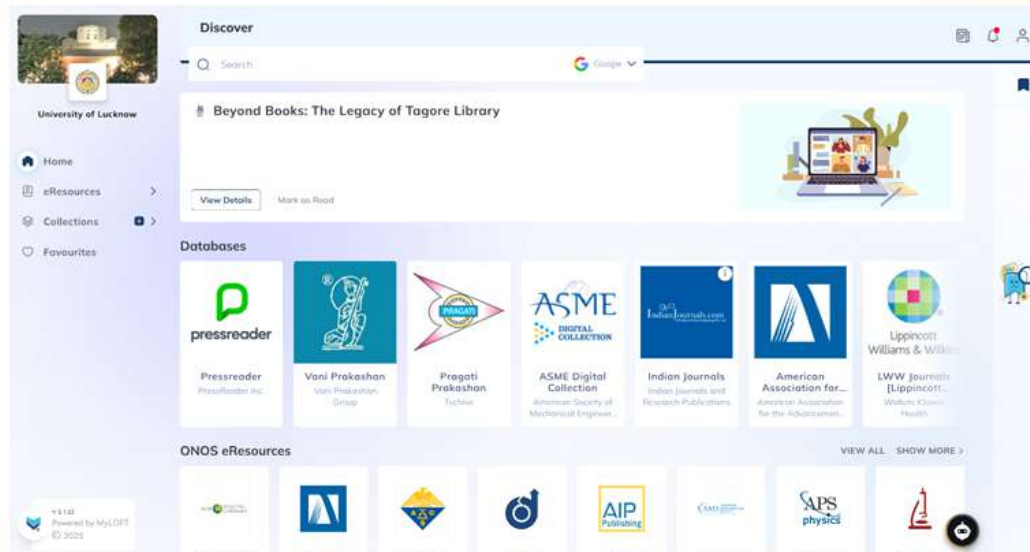

8.2   ICT initiatives in University Administration:

- **Admission and Counselling**
  - Entire process of admission starting from registration to counseling is online
  - Online - Off Campus Counselling facility

- **Examination**
  - EASE (Electronic Access to Services of Examination) Portal started in November 2020 to facilitate issues related to examination

- **Recruitment Portal**
  - This portal has processed over 10000 applications of recruitment through Recruitment Portal on website of University of Lucknow
- **LU Registration Number (LURN)**
  - Unique identity number granted to students of university and colleges associated to University of Lucknow
  - Over 2,26,000 students registered in 2024-2025
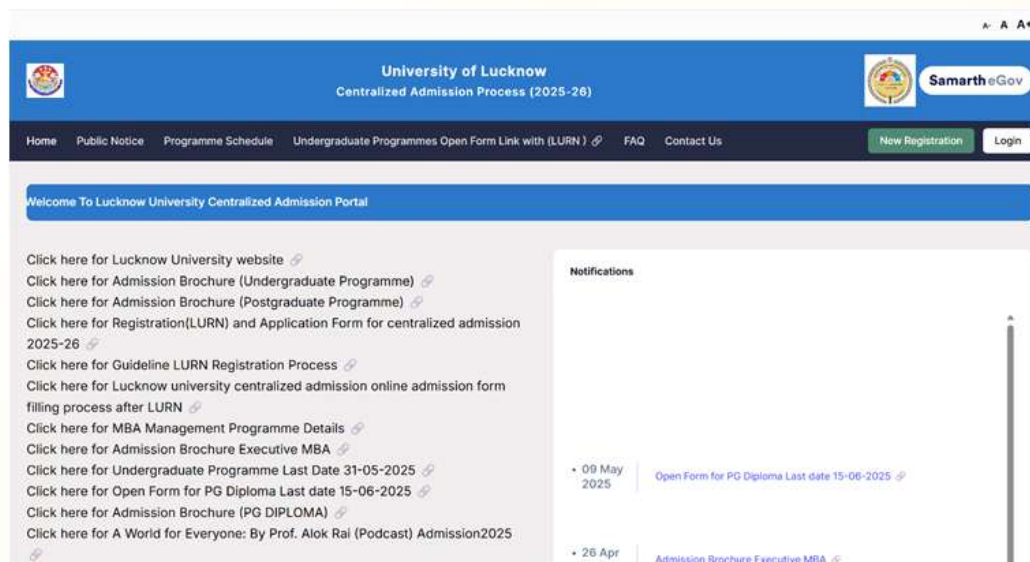

- **Academic Bank of Credits**
  - Over 3.78 lac students have been registered on Academic Bank of Credits and their credits uploaded, with the highest upload for 2024-2025 in the state of Uttar Pradesh
- **Upload of Marksheets on DigiLocker**
  - Marksheets and degrees of more than 7 lac students uploaded on to Digilocker
  - Last 10-year data of students on Digilocker
- **SAMARTH**
  - In the academic session 2024-2025, the university is shifting to online portal, SAMARTH, an initiative by the Ministry of Education
  - This fully managed, cloud based, comprehensive ERP customized to its needs is now being used

8.3   ICT enabled 24*7 Communication initiatives

The University and all departments and institutes have a strong social media presence through their official X, YouTube, Instagram and Facebook.

- **Mobile App**
    - University has developed its own mobile app and has over 50,000 downloads
- **University's X handle @lkouniv**
    - The highly active university handle on X as has 50,000 followers, up from 1600 in 2019
- **Youtube Channel**
    - University of Lucknow's own YouTube channel was launched on November 30, 2020 and currently has 25,500 Subscribers and 930,000+ views of over 339 videos
- **Website**
    - University website has been refurbished and relaunched in April 2020 with 15 crore hits
- **Instagram**
    - University Instagram account went live in 2024 and has 2421 videos and more than 2500 followers

Chapter - 9

Infrastructure Augmentation

The University of Lucknow has undertaken significant infrastructural augmentation to support its expanding academic, research, and student engagement activities. Recognizing the pivotal role of a well-developed physical environment in enhancing the quality of education and campus life, the University has invested in the modernization and expansion of its facilities. This includes the construction of new academic blocks, renovation of existing buildings, upgradation of laboratories, improvement of digital infrastructure, and development of student amenities such as hostels, libraries, and recreational spaces. These efforts reflect the University's commitment to creating a conducive, future-ready learning environment that meets the evolving needs of students, faculty, and researchers alike.

9.1   Central Facilities
9.1.1   New Construction
- Vivekanand Dwar
- Gaurav Sthal
- Samvidhan Sthal
- AP Sen Hall
- Drishya Samvada Kaksha
- New Boundary & Gate at second campus
- Vishwakarma Auditorium
- Central Computer Centre
- Radha Kamal Mukherjee Art Gallery, Tagore Library
- Rare manuscript section, Tagore Library
- Chanakya Auditorium

- Dhanvantari Auditorium
- Examination Building

9.1.2   Renovation
- Malviya Hall
- Manthan Hall
- Reading hall of Tagore Library
- Central Hall of Tagore Library

9.2   Departmental infrastructure
- Construction of Faculty of Engineering & Technology
- Construction of Faculty of Aesthetics & Shaiv Philosophy
- Construction of K K Saxena Block of Faculty of Commerce
- Developed Faculty of Yoga and Alternative Medicines
- Developed Tribal Museum in Department of Anthropology
- Developed auditorium in Institute of Pharmaceutical Sciences

9.3   Hostel Facility Augmentation

- All the hostels are now being provided with Geysers, RO Water Cooler, Washing Machine, Open Air Gym, Guest Room, CCTV Camera, Sports Equipments etc.

9.4   Student Wellness

- Divyangjan friendly system in the campus
- Central Gymnasium created at Second Campus
- State-of-the-art Basketball Courts in both campuses

9.5   Employee Facilities

- 32 Type 2, Non-teaching employee houses built and alloted
- 24 Type 2, Non-teaching employee houses built and alloted
- 32 Type 3, Non-teaching employee houses built and alloted

Chapter - 10

Financial Fortification

10.1 Geographical expansion

- Universities are supposed to play a vital role in overall socio-economic growth and community development. University of Lucknow is significantly contributing in this direction uniquely by expanding its horizons geographically as well.

- In 2021, University expanded its geographical horizon by adding colleges of Raibareilly, Hardoi, Sitapur and Lakhimpur-Kheri districts of Lucknow Division. University of Lucknow is currently mentoring 556 colleges, which includes 14 Government Colleges, 35 Aided Colleges and 507 Self-financed Colleges.

10.2 Exploring New Financial Avenues

There has been significant jump of over 75% in gross revenue of the university by resorting to innovation. Few of them are:

- Restructuring programs and optimizing admission
- Introducing newer and contemporary academic programs
- Increased foreign admissions
- Online education
- Centralized admission
- Initiation of e-services
- Introducing LURN leveraging enhanced branding of University of Lucknow
- Monetization of IT-based innovations such as EASE, SLATE, University YouTube channel etc.
- Mobilization of Corporate Social Responsibility
- Alumni contributions
- Rs. 100 crore PM-USHA grant, the highest ever grant for the university
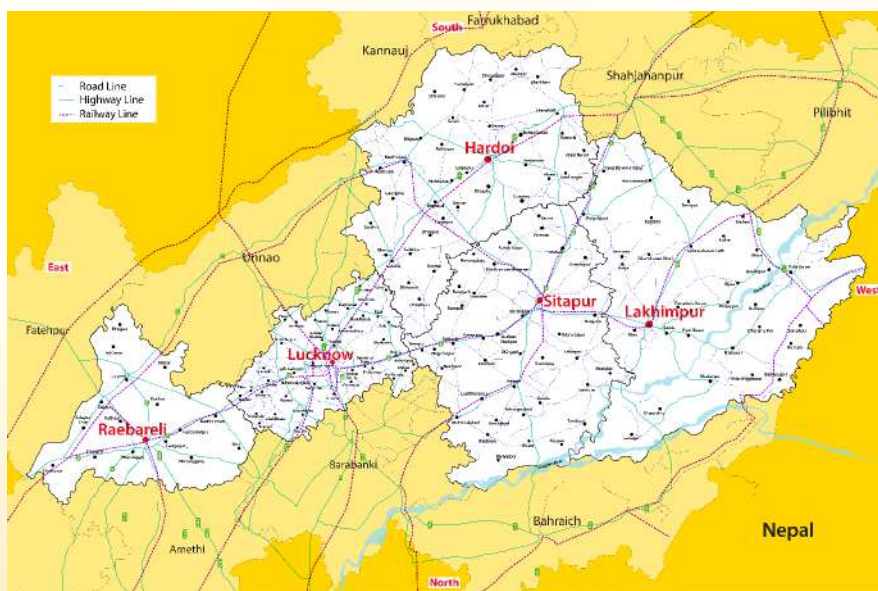

Chapter - 11

Nurturing Student Potential

University of Lucknow has launched different schemes and innovative practices envisioned, planned, and implemented to build a student-centric system to provide students with the opportunity to grow and excel in the best of their interests and encourage them for continuous learning. These initiatives are designed to nurture academic excellence, foster entrepreneurial mindsets, and strengthen industry-academia linkages. By prioritizing holistic development, the university aims to empower students to become competent, confident, and responsible global citizens.

11.1. Student Communication

To channelize the student's valuable voice in the institutional decision making, encourage awareness, idea generation, sharing of thoughts, and feedback, the universityinitiated ways to increase connectivity with students encouraging two way 24*7 and transparent communication.

- **Coffee with VC**
  - This program provides students an opportunity to interact and share their views with the Vice Chancellor for institutional development.

- **SIMS: Student Instant Messaging System – Portal**
  - It is used to deliver messages to students instantly on their cellphones.

- **24*7 Communication through Social Media**
  - University and all office bearers of the university are on X to attend to the student's queries and complaints. Besides, the university has adopted several other channels of communication with the students through website, Instagram, Facebook, YouTube channels, mobile App etc. to ensure 24*7communication.

11.2 Mentoring Initiatives

- **OPD (Our Pupil's Day) Program**
  - Started in 2020, teachers dedicate an hour in a week exclusively for students to interact one to one for advice and guidance on any issue related to both academic as well as personal.

- **TREE (Teaching, Reaching, Emboldening and Evolving) Program**
  - Started in 2020, teachers provide educational and personal guidance to students in their respective departments for their development and well – being.

- **Samvardhan Program**
  - Senior students share the responsibility of mentoring junior students on career, academics and overall developments under this program.

- **Counselling and Guidance Cell**
  - It provides support to students on personal problems and social issues that may pose barriers to their education and well-being. The teacher as counsellor clarifies the issues, explores the options, develops strategies and increases the self – awareness of the student.

11.3 Financial Support

The university has made efforts to assist students in completing their education unhindered. As envisaged by NEP 2020, clause 12.10 enumerates need for financial support to needy students.

- **Karmyogi Scheme**
  - Provides part–time job to eligible students of the University

- **Chhatra Kalyan Scholarships**
  - Provides hand holding through financial assistance

- **Shodh Medha Scholarship**
  - Provides financial assistance to bright female research scholars who have qualified NET / NET – LS / GATE

- **Arpan – Adopt a Brain schem**
  - Initiated in wake of COVID break; teachers and alumni undertook full or partial responsibility of educational expenditure of the university students who lost their parents

- **VC Care Fund**
  - Provides financial support to students of the university.
  - This unique scheme demonstrated volunteerism and facilitated community involvement and mobilization contributing to higher education

11.4 Students Participation in Institutional Functioning

To encourage student participation, the University has created several forums to engage them in the academic and administrative decision making of the university at different levels as envisaged by NEP 2020 under clause 12.9.

- Meritorious Student Council
- Student Grievance Redressal Committees in all departments
- Departmental Student Grievance Redressal Committee
- Hostel Management Committee
- Central Placement Cell
- Each Head/ Dean, is supposed to attend all student issues personally between 4-5 pm every working day

11.5 Student's Holistic well–being

- **Happy Thinking Laboratory**
  - Established in 2020, this lab provides a platform for students to reflect their thoughts about happiness, meditation, and spirituality and objectively and scientifically assess the stress and happiness of the students.

- **Yoga Center**
  - Provides Yoga OPD to students and also organizes therapeutic health camps, yoga and meditation sessions for students

- **E–Rickshaw Services**
  - Free e-rickshaw facility on main campus and second campus has been initiated to facilitate student movement within campus.

Chapter - 12

Unlocking Student Futures

Student placements and competitive exam selections are vital milestones in a student's academic journey, bridging the gap between education and professional life. Placements provide students with employment opportunities through campus recruitment drives, internships, and collaborations with industry partners, enabling them to gain real-world experience and financial independence. On the other hand, selection in competitive exams allows students to pursue higher education, secure government positions, or enter prestigious professional fields. Success in both areas requires focused preparation, skill development, and strong institutional support through mentoring, training programs, and access to resources. Together, they reflect the overall effectiveness of an educational institution in preparing students for future challenges.Universityof Lucknow has taken multiple steps to provide students the much needed edge in competitions and placements through hand holding at all levels.

12.1. Increasing competitive ability

- University faculty voluntarily run two free of cost coaching to facilitate preparation for NET exam
- **Commerce super 30**: For students of Commerce
- **BioRankers 30**: For students of Life Sciences
- The success of these efforts is witnessed by the accelerating growth of NET and JRF qualified students in the university
- Other than these coachings, students regularly crack government services exams some of which are:
- Indian Statistical Services: 05 in 2024
- Indian Geologists exam conducted by UPSC: 17 out of 40 seats advertised
- Various Judicial exam: More than 50 students in 2024

12.2. Ensuring Placement

- The Central Placement Cell works tirelessly to place final year students who seek placement
- Around 81% of students who seek placement are placed each year.
- Median salary package is around Rs. 8.3 lac, with highest package of Rs. 24.6 lac.

Year	Placements	% Growth
2019-2020	718	260+%
204-2025	2588+

सरकारी इंटर कालेजों की छात्राओं को जागरूक करेगा लविवि

पायनियर समाचार सेवा। लखनऊ

महिला स्वास्थ्य को लेकर लखनऊ जनपद के 41 सरकारी इंटर कालेजों की छात्राओं को लखनऊ विश्वविद्यालय ने जागरूक करने का निर्णय लिया है। इसके लिए जिला विद्यालय निरीक्षक से मांगी गयी सूची विवि को प्राप्त हो गयी है। महिलाओं का स्वास्थ्य एक ऐसा विषय है जिसके लिये जागरूकता फैलाना एवं उनके अच्छे स्वास्थ्य के लिए आधारभूत संरचना तैयार करना एक स्वस्थ देश की प्रथम आवश्यकताओं में से एक है।

लखनऊ विश्वविद्यालय ने उनके इस विचार को गति देते हुए सभी महिला छात्रावासों में ओपन जिम की स्थापना, सभी महिला छात्रावासों में माहवारी की भ्रांतियों पर जागरूकता अभियान एवं सेनेटरी वेंडिंग मशीन तथा इन्सिनरेटर लगवाया, निश्चित अन्तराल पर नियमित रूप से छात्राओं के हीमोग्लोबिन जाँच तथा स्वास्थ्य शिविरों का आयोजन, छात्राओं के खान पान सम्बंधित काउंसिलिंग, स्वच्छता

इनसुलेशन जैसे महत्वपूर्ण विषयों पर उल्लेखनीय कार्य किया है। इसी क्रम में हॉस्टल एवं परिसर के बाद विश्वविद्यालय ने लखनऊ के निकट के ग्रामीण क्षेत्र सरोजनीनगर, माल, मोहनलालगंज, गोसाईगंज, बीकेटी, चिनहट, मलिहाबाद तथा काकोरी ब्लॉक के 41 सरकारी इंटर कॉलेज में माहवारी के प्रति जागरूकता अभियान एवं उन छात्राओं में इस विषय पर खुल कर बात करने का साहस देने जैसे अहम विषयों पर काम करने का निर्णय लिया है। कार्यक्रम की शुरुआत सरोजनीनगर ब्लॉक की राजकीय यूपी सैनिक इंटर कॉलेज से 27 मई को की जाएगी। जिसमें आसपास के 10 सरकारी कॉलेज की छात्राएँ भागीदारी करेंगी। प्रथम चरण में 28,30,31 मई तथा 1 जून को माहवारी जागरूकता कार्यक्रम वीरांगना उदादेवी राजकीय कॉलेज माल, सत्यनारायण तिवारी इंटर कालेज मोहनलालगंज, बक्शी का तालाब इंटर कालेज, राजकीय बाइका सरोसा, भरोसा ककोरी में आयोजित किया जाएगा।

How scientists work: LU event to showcase

TIMES NEWS NETWORK

Lucknow: Lucknow University will conduct 'scientist for a day' — an event aimed at developing scientific temper among school students—on its campus on November 5.

LU's Institute of Pharmaceutical Sciences and UP Council of Science and Technology together will help over 200 students of Kendriya Vidyalayas and other government schools learn the basics of drug discovery and drug development.

The students will also get an exposure to hi-tech pharmaceutical laboratories.

"The purpose of the event is to develop scientific temper and give the students a practical experience of how a scientist works. Also, we will make students aware of the opportunities in the field of medicine. From drug design to drug synthesis, the students will get hands-on experience in LU's pharmaceutical sciences laboratories," said vice-chancellor Prof Alok Kumar Rai.

He said that all the students will be given information about drug design and synthesis, herbal drug discovery and standardization, drug formulation, development and quality control and mechanism of drug action.

Students will be told about the uses of medicines like aspirin and paracetamol which are commonly used as pain relievers and to reduce fever. Director general of UP Council of Science and Technology (UPCST), Alok Kumar, secretary UPCST Prakash Bindu and director, UPCST Anil Yadav, former director of CDRI and the present director, CBMR Alok Dhawan will be the keynote speakers.

लखनऊ विवि के विधि संकाय में प्रो बोनो-क्लब का शुभारंभ: अधिवक्ताओं को कानूनी सेवाओं की जानकारी देना और गुणवत्ता में सुधार करना उद्देश्य
