

Prof. Alok Kumar Rai
Vice Chancellor
University of Lucknow

July 20, 2022

Dear Colleagues,

We all are aware that for an assessment and accreditation of our glorious Institution, the peer team of National Assessment and Accreditation Council shall be visiting our campuses from July 21- 23, 2022.

Time has come to exhibit our strengths and accomplishments. We are a centenarian institution, and have written our script of glory globally. Our alumni, having spread across the seas, are glowing with greater brilliance every new day to come, and thus goes the message of "light and learning".

Any institution is a notion, an idea blended with a culture that evolves with our action orientation. It is good to dream but to put the dream into action is a success. "नियतं कुरु कर्म त्वं कर्म ज्यायो ह्यकर्मणः। शरीरयात्रापि च ते न प्रसिद्धयेदकर्मणः" says Srimad Bhagwad Gita as the eighth sloka in chapter 3. This verse explains that "One cannot even maintain one's physical body without work." We have to perform our prescribed duty to the best of our abilities. With this feeling, we are committed to ourselves with greater assurance. We have to trust ourselves in a better way than ever. Developing a feeling of self-assurance is, definitely, going to bring fortunes for us.

Institutions are not just bricks and mortar, nor just labs and equipment; they are the living spirit of humanity, shaped by the ideas and actions of generations at work.

Each one of us at this outstanding University of Lucknow family, the teachers, students, officers, employees, alumni, guardians, and all well-wishers, far and wide, has a role to play in one's own right. मनसा, वाचा, कर्मणा. We all are equally committed and collectively responsible for the outcome.

The time has come to offer our best in the ensuing activity of our institution. It's essence and flare is all set to spread the fragrance for years and future generations.

We have created a healthy ecosystem in the university. Our team spirit has transformational power that has ushered in our elevated academic productivity and strengthening of our brand equity. With our accreditation, our identity gets leverage, and expands the horizon for immense possibility. Dutifulness and unity for action are the cult of this great institution. The time has come, that we translate it into accomplishment for a better script on the sphere of success.

Let's gear up, and build momentum for grand success for our Institution!

I wish all of us the best for the visit of NAAC Peer Team on July 21, 22, and 23, 2022!

(Alok Kumar Rai)
