of Uttar Pradesh (Higher  
Education)*

## ABOUT THE UNIVERSITY

Established in 1920, the University of Lucknow is one of India's oldest state universities of higher education. The university has been accredited with A++ by the National Assessment and Accreditation Council (NAAC). It has a rich academic and cultural heritage offering undergraduate, postgraduate, and doctoral programs in a wide variety of fields, including arts, science, commerce, law, education, management, engineering, and many more. It attracts students and faculties from all across India because of its strong reputation for producing successful graduate and post-graduate students making significant contributions in various fields across the Globe.

## ABOUT THE DEPARTMENT

The Department of Statistics is one of the country's high-ranking departments for teaching and research as it has produced eminent personalities since its establishment in various fields of Statistics viz. Statistical and Bayesian Inference, Survey Sampling, Econometrics, Biostatistics, and many other applied fields. The department's graduates have attained exalted positions among esteemed universities, institutes, government agencies, and corporate sectors. The department has been organizing a number of summer schools, orientation programs, workshops, seminars, invited talks, training programs, and national conferences, and its faculty members are being invited to seminars and workshops held in India and abroad for delivering keynote addresses, giving invited talks, organizing, and chairing the sessions.

## ABOUT THE SEMINAR

The commencement of the National Education Policy-2020 (NEP-2020) has been proposed and developed by the Ministry of HRD, which includes broad multidisciplinary undergraduate education with the necessary knowledge, skill, and competencies. It also proposes to bring equity, efficiency, and academic excellence among various universities and colleges. New accreditation and ranking system for colleges, flexible learning, teacher training, and development, and much more have been incorporated in it. The state of Uttar Pradesh has made a significant contribution to the education sector with many government and private universities and colleges offering various degree programs in different streams. Therefore, there is a need for the effective implementation of this new policy that provides remedial measures to address several challenges in the education sector like underrepresentation of some groups, viz. gender, socio-cultural, and socio-economic conditions, especially in the state of Uttar Pradesh. This national seminar is an attempt to discuss the importance and impact of the implementation of NEP-2020 on faculties and students of higher education institutions with a special focus on multidisciplinary undergraduate programs with multiple entry and exit options with the provisions of Certificate/Diploma/Degrees at each of the exits. The final panel discussion and conclusion of the seminar would certainly provide guidance to policy-makers and interest groups in the wider spectrum of implementation of NEP-2020 in its original spirit among all the higher education institutions to realize this goal.

## CALL FOR PAPERS

Researchers, students, academicians, and professionals from different fields are invited to contribute and make paper/poster presentations on the Seminar's theme and are required to submit their abstracts along with the registration form. All accepted abstracts and papers shall be compiled and published in the **Proceedings of the Seminar** or in the form of an **Edited Book**.
