Science and Engineering Research Board

(Statutory Body Established Through an Act of Parliament : SERB Act 2008)
Department of Science and Technology, Government of India

Dear Sir/Madam,

Greetings from Science and Engineering Research Board (SERB)

As you are aware that SERB is a premier organization for funding basic R & D in the country. Since the inception of SREB, it has always been our endeavor to fund good proposals with challenging objectives, innovative approaches and expected outcome in a way to create fundamental knowledge and deeper insights for the established facts etc.

During the current scenario and with the increasing challenges in addressing basic and urgent societal needs with the assistance of Science and technology as a tool, emphasis is being made more on translational research. However, SERB is not receiving good numbers of proposals with such standards in terms of Scientific and technical merit.

Therefore, SERB has decided to conduct Proposal Writing Workshops in which all the concerned stakeholders may participate. In the said workshop, lectures will be delivered on writing good proposals with novel objectives, proposed outcomes addressing urgent needs of the country (societal & technological) as per current scenario.

Hence, you are requested to kindly circulate this information to all the stakeholders in your department/colleagues and encourage them to join for the workshop.

It may also be noted that due to the current pandemic situation, physical presence may not be possible; hence the said workshop would be conducted through webinar.

The link for joining the webinar has been shared below.

Join Zoom Meeting on 06th July, 2020 at 11:00 AM
