27.	Prof. Aroop Chakravarti (Convener)

The Honorary Librarian, Convener of the committee informed the committee members about the agenda of the meeting. Thereafter, Committee considered the agenda and resolved as under:-

1. Committee considered the proposal of the library for perusal and approval of catalogues and list of books procured for courses and programmes, viz. Institute for wild life sciences, Institute of development studies, Institute for development of advance computing, A.P.J.Abdul Kalam Center for innovation and Institute for food processing & technology. Committee approved the proposal and resolved that the library can initiate the process of purchasing books for the above courses out of the fund allotted for books by the State Government.
2. Committee considered the proposal of the library for revision of old library fines for overdue books and fine for loss of library token. Committee resolved that fine of one rupee per day after due date of books will be charged from the library members in place of 0.50 paisa being charged earlier and Rs. 50.00 will be charged for loss of library token.
3. Committee considered the proposal of the library for reducing the archival period for news paper and magazine other than research magazine from two years to one year. Committee resolved that the library can store news paper and magazine for one year but suggested that clipping of news papers containing events on socio, economic, and political matter and news related to Lucknow University will be recorded by the Library.
4. Committee considered the library proposal for empanelment of vendors to purchase books. Committee approved the proposal and suggested that notice for empanelment of vendors may be published on website of LU for inviting applications from vendors.
5. Committee also approved the proposal prepared by library for second installment of RUSA grant of Rs. 96,15,332=00.
6. Committee also considered the automation work being carried out in the library and to expedite the data entry work, Hon'ble Vice-Chancellor directed Dr. Puneet Mishra, Faculty in Computer Science to provide student man power to the library for data entry work.
