Since then, the cell is working to support, value and challenge the students of University of Lucknow to develop their full potential, psychological immunity and skills to enhance their employability in the challenging situations.

To facilitate this transition, we propose to celebrate it annually under the umbrella of "Mission Rozgar Yojna" launched by State Govt., by ensuring per day activity across all departments/institutes/Halls. The mission is to entrust the responsibility to all the stakeholders to enable continuity and form the traditions.

Therefore, to conduct the program smoothly and successfully, all departments/institutes/Halls are requested to nominate Counselling and Guidance (CGC) team including one teacher coordinator and two students and conduct **two days online activities** as per the calender given for one day, the other day as per their suitability but before September 30th, 2021 and share with undersigned.
