[ILLEGAL STAY IN LUCKNOW]

City surgeon booked for giving a 'local look' to two Uzbek women

HT Correspondent

letters@hindustantimes.com

LUCKNOW: A Lucknow-based private plastic surgeon and his friend have been booked by the police for allegedly facilitating the illegal stay and cosmetic surgeries of two women from Uzbekistan in the state capital.

According to Lucknow police officials, the surgeon, despite knowing about the women's unauthorised entry into the country, conducted surgeries to alter their appearance to resemble local individuals and provided them with accommodation in the city through his friend.

Police registered a First Information Report (FIR) against Dr. Vivek Gupta, who operates Minerva Clinic, and

FOR REPRESENTATION ONLY

Trijinraj alias Arjun Rana at the Sushant Golf City police station on Friday. The charges include allegedly aiding the illegal stay of the Uzbekistan women and assisting them in undergoing plastic surgeries without verifying their identities or immigration status. Dr. Gupta has two clinics located near Patrakarpuram, Gomti Nagar, and Ahimamau.

The FIR, filed by sub-inspector Mahesh Kumar Singh, invokes sections of the Bharatiya Nyaya Sanhita (BNS), specifically 318(4) for cheating and 61 for criminal conspiracy, along with Section 5 of the Registration of Foreigners Act, 1939, and Sections 14(A) and 7(1) of the Foreigners Act, 1946, pertaining to the illegal stay of foreign nationals and violation of the relevant act.

According to the complainant, the Foreigners Regional Registration Office (FRRO) conducted a raid on Flat No. 527 in New Hazratganj on June 20, 2025, based on confidential intelligence. The FIR states that the flat was allegedly rented out for commercial purposes without informing the local police, FRRO, or administrative

authorities.

During the raid, officials found two Uzbekistan nationals, identified as Holida and Nilofar, who had been residing there since June 18. The women allegedly failed to produce valid passports or visas and did not cooperate with the inquiry, as per the FIR.

During interrogation, the women claimed to have lost their travel documents approximately two years prior, after arriving in India, and had requested acquaintances, including Lola Kayumova and Trijinraj, to report the loss. However, they could not confirm if a formal complaint was ever filed.

They further stated that Lola, who has been residing in India for an extended period,

introduced them to Dr. Vivek Gupta for plastic surgery procedures.

The FIR alleges that these surgeries were performed without verifying their identity or legal status.

The women also stated that Dr. Gupta and Rana were responsible for arranging their accommodation in New Hazratganj. Trijinraj reportedly resides in Flat No. 104 of Omaze RL, while Dr. Gupta stays in Flat No. 1103 of the same building. Both women have been placed under surveillance by the FRRO as the investigation progresses.

Authorities are now investigating a potential larger network involved in facilitating illegal immigration, identity manipulation and document forgery.

[ANSAL API ROW]

All cases to be moved to EOW to centralise probe

Animesh Mishra

animesh.mishra@partner.hillive.com

LUCKNOW: The number of FIRs registered by aggrieved investors of real estate developer Ansal API in the state capital has now reached 217. Of these 204 FIRs have already been transferred to the Economic Offences Wing (EOW) under the Lucknow Police Commissionerate.

The remaining FIRs are also likely to be transferred to the EOW by Saturday night for a consolidated investigation, deputy commissioner of police, south, Nipun Agarwal, said on Saturday.

The latest FIR, registered on June 19, 2025, at Sushant Golf City police station, accuses the company of encroaching on private land in Hasanpur Khevali, Sarojini Nagar.

According to the FIR, the complainant, Parikshit Bajpai, a resident of Gomti Nagar, alleged that on May 11, Ansal API's owner, Pranav Ansal, project head Rajesh Rao, and land officer Vinay Tiwari forcibly occupied his land (Gaata Nos. 485, 103, 104, 105, and 106), which is legally recorded in his name, the FIR lodged on Jun 19, 2025, reads.

Bajpai submitted verified Khatauni records and a Lekhpal report to support his claim and further alleged that he was threatened by company representatives when he visited the site.

He also cited years of false assurances by the developer regarding land possession and documentation.

The FIR in this case has been

FOR REPRESENTATION ONLY

filed under Sections 329(3), 352, and 351(3) of the Bharatiya Nyaya Sanhita (BNS), as well as provisions of the Land Mafia Act.

DCP Nipun Agarwal stated, "Out of the total 217 FIRs, 204 have already been transferred to the EOW under the crime branch, and the rest are being processed for transfer by tonight."

All cases will be investigated under the supervision of DCP, crime, as per the directives of the Lucknow Commissioner of Police.

The move to transfer these cases is seen as part of a broader push to centralise the investigation and fast-track action in the multi-crore land and property fraud cases involving Ansal API.

Sources in the police department revealed that till now, the investigation had made little progress.

However, the recent decision to route the cases through the EOW may pave the way for a structured and expedited probe.

"We are streamlining the investigation. After the transfer is complete, all documents, evidence, and witness statements will be consolidated to identify patterns and ensure legal accountability," said a senior

EARLIER MOVE TO TRANSFER THESE CASES IS SEEN AS PART OF A BROADER PUSH TO FAST-TRACK ACTION IN THE MULTI-CRORE LAND, PROPERTY FRAUD CASES

police official associated with the crime wing.

Earlier this year on March 4, the Lucknow Development Authority (LDA) had filed an FIR at Vibhuti Khadi police station against the company over a multi-crore land scam. Just a day later, on March 5, the Ghaziabad Development Authority (GDA) filed another FIR at Crossing Republic police station, followed by a separate complaint by the Bulandshahr Khurja Development Authority (BDA).

All three development bodies accused Ansal API and its top officials of alleged land fraud, breach of agreement, and illegal encroachments.

Meanwhile, many investors who have either lodged the FIR or are still lodging it against the developer where various investors, some of whom paid up to 80% and above amounts of the total property cost, continue to wait for the police, investigation and further complaints are being filed, alleging that despite repeated follow-ups, the developer has failed to hand over plots or complete necessary paperwork.

Lucknow Police busts ₹80L crypto scam, arrests 8 in USDT fraud network

HT Correspondent

letters@hillive.com

LUCKNOW: In a breakthrough against digital financial fraud, Lucknow Police on Saturday busted a gang involved in siphoning off nearly around Rs 80 lakh through illegal 'crypto trading' of USDT (Tether), arresting eight accused from different parts of the city. A case has been lodged under FIR at Cyber Crime Police Station under sections 317(2), 318(4), 61(2), 111(2) (b) of the BNS and sections 66C and 66D of the IT Act, stated in a cyber crime press release on Saturday.

Acting on intelligence inputs and digital surveillance, a joint team led by Inspector Brijesh Kumar Yadav of Cyber Crime Police Station carried out the arrests under the supervision of senior officers including the Joint Commissioner of Police (Crime), Deputy Commissioner of Police (Crime), and Additional

recovered 16 mobile phones, 2 laptops, a tablet, Rs 1.85 lakh in cash, 3 cheque books, a passbook, and 4 four-wheelers. The

TRANSPORT DEPT ENSURES TIMELY DISPOSAL OF 99% DL APPLICATIONS

LUCKNOW: The Uttar Pradesh transport department has processed 99.23% of all driving licence (DL) transaction applications received between January 1 and June 10, 2025, said a press statement issued by the state government's media cell on Saturday.

Out of 4,05,661 applications received during this period, including renewals, replacements, duplicates, and address changes, 4,02,524 were cleared, leaving only 3,137 (0.77%) pending, officials said.

"Our objective is to provide swift and simple services to citizens. The department will continue regular reviews of district performance and provide all necessary support to resolve pending applications quickly," transport commissioner BN Singh said. The district-wise analysis showed most districts performed well. Prayagraj reported only 189 pending cases out of 13,684 applications

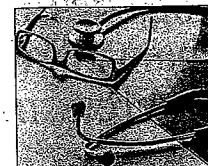

Complex surgeries: New lease of life for two women at Civil Hospital

HT Correspondent

letters@hillive.com

LUCKNOW: Two complex surgeries were performed at Shyama Prasad Mukherjee (Civil) Hospital in the past two months. An Azamgarh woman underwent a surgery for a large incisional hernia, while a Sultanpur woman went under the knife for multiple cysts in uterus and ovaries, hospital officials said. Chief medical superintendent Dr. Rajesh Kumar Srivastava praised the team of surgeons while emphasising the hospital's commitment to providing quality medical care to patients.

According to Dr. Anand Mishra, general surgeon at Civil hospital, 35-year-old Preeti, a resident of Azamgarh, was suffering from a large incisional hernia, and her anterior abdominal wall was badly affected. She had previously

FOR REPRESENTATION ONLY

been discharged from the hospital, hospital officials said.

In another case, 40-year-old Meena from Sultanpur, who was experiencing abdominal pain and swelling, was diagnosed with a large tumour in uterus and ovaries, causing continuous bleeding. Since her haemoglobin level was five, she was made to undergo blood transfusion before the surgery. The same team of the doctors and other staff conducted the surgery and gave her a new lease of life, officials said.

LUCKNOW UNIVERSITY'S V-C JOINS NATIONAL HIGHER EDUCATION PANEL

LUCKNOW: Lucknow University vice-chancellor prof. Alok Kumar Rai has been appointed a member of a high-level committee formed by the higher education department, ministry of education. The committee includes VCs from two central and three state universities, and directors of HT Mumbai

and IIM Ahmedabad. Its aim is to draft guidelines for transitioning institutions to the new Indian Higher Education Commission, analyse grant regulations, promote multidisciplinary education, and align teaching, research, and curriculum standards across institutions.
