

Report

30 students from Rama Degree College visited Happy Thinking Laboratory on 12.02.2026. Dr. Kavita Pandey from Rama Degree College coordinated the whole event. Prof. M Priyadarshini, Director, Happy Thinking Laboratory, Prof. Vaishali Saxena , Director, Counseling and Guidance Cell welcomed the students and The visit started by explanation of posters by Prof. Madhurima Pradhan, Founder Director, Happy Thinking Laboratory. She explained the students about self awareness and its importance in our lives and gave a short introduction about the concept, inception and goal of the Happy Thinking Laboratory.

Preceding the visit further the students visited the Research Room which includes machines like Biofeedback. Bio-well and Karada Scan for the purpose of research and welfare of students and others.

Then they visited the spiritual library which consisted of the books to enhance positive living and well being. They also did a small activity named the Tree Activity where they plucked out the leaves which represented negative qualities and were yellow in color and replaced it with green leaves which comprised of positive qualities. The students then proceeded towards the Silence Room where they did guided meditation and came out of it feeling calm, happy and rejuvenated.

The visit ended with a written feedback from the students about the visit. They highly appreciated the concept of establishing Happy Thinking Laboratory at the campus of University of Lucknow for the welfare of student and community.
