On the occasion of **International Mother Language Day**, celebrated on **21February**, the **Happy Thinking Laboratory and Counseling & Guidance Cell** of the **University of Lucknow** organized a poetic gathering titled “**Kavyanjali: Swarachit Kavitaon Ki Prastuti.**” The event aimed to celebrate linguistic diversity and provide a platform for students to express their thoughts and emotions through poetry in different languages.

The programmed began with the ceremonial lamp lighting, setting a warm and inspiring tone for the event. More than 20 participants enthusiastically presented their self-composed poems across a variety of languages and themes, reflecting creativity, emotion, and cultural richness.

Among the notable presentations, Achyut Bajpai, recited a remarkable poem in Awadhi, which beautifully highlighted the charm of regional language. Mahima Singh presented a deeply emotional poem dedicated to the memory of her childhood friend who had recently passed away, touching the hearts of the audience. Another participant Aparna Srivastava

Shared a unique and imaginative piece titled “**Agar Emily Dickinson Ganga keKinare Baithi Hoti,**” creatively blending literary imagination with Indian cultural imagery.

One of the most captivating performances was by Ishita, whose poem devoted to Thakurji (Lord Krishna) created a deeply spiritual atmosphere and became the centre of appreciation during the event. Shinjini Pandey also presented a thoughtful poem emphasizing the responsibility of children towards the irelderly parents who devoted their lives to raising them.

The event was gracefully anchored by Pranjali Kumar Singh, who kept the audience engaged throughout and also presented a beautiful Hindi poem of his own.

The programme was honoured by the presence of **Mrs. Prerna Mathur** from the Department of Oriental Studies In Sanskrit as the special guest. She appreciated the creativity of the participants and further enriched the gathering by presenting a melodious bhajan. **Prof. Vaishali Saxena**, Director of CGC, along with **Prof. M.
